

Tiles without the Fuss

**WATERPROOF WALL PANEL SOLUTION**

available in  great shades

Versatile Panels from Rearo

# offer a new solution for waterproof wall coverings, for bathrooms and kitchens

or other rooms within domestic or commercial environments.

Beige Marquina as a kitchen splashback

Versatile panels each measure 2420 x 1220 x 3mm (2.9 square metres) and are constructed from an extremely robust compact grade laminate core.

The panels are easy to trim to the perfect size with basic DIY tools and soon you will have a full wall completely covered with a durable waterproof panel - which will look great for years to come.

Available in a choice of 6 shades, the unique design alludes to a repeating tile shape, each 'tile' measuring 300 x 200mm. A Carefully designed jointing system with a selection of finishes allows for panels to fit snugly together to give a professional finish to every bathroom or kitchen project.

Once installed, cleaning of Versatile only requires a simple wipe - no mouldy grout to worry about - and relax in the knowledge that each panel comes complete with a comprehensive Rearo 10 year guarantee.

## 100% Waterproof Tile effect solution
